THE SKY'S THE LIMIT WITH STRATFORD PUBLIC LIBRARY!

Adult Summer Reading Program reaches out and up

Stratford, ON June 24, 2019– The Stratford Public Library is going up and out around Stratford this summer! We're heading out into the community to put reading material where you'd least look for it and up into the air to reward those who find the books.

Every Monday this summer the Library will be "hiding" specially-marked books in far-flung Stratford locations. Whoever stumbles upon one can keep it! They can also bring that book to the Library and earn entries to our grand prize, an aerial sight-seeing tour for three, donated by Stratford Air Services. How wild is that?

Robyn Godfrey, Adult Outreach and Collections Librarian, says, "We wanted to find a way to combine two classic summer-time activities – exploring and reading. The addition of the grand prize is really icing on the cake!"

The Sky's the Limit program is open to Stratford residents ages 13 and older, and runs from July 1 to August 24. The grand prize will be drawn on August 26. With great thanks to our partners Stratford Air Services, Library bound Inc, and the many businesses and organizations that have agreed to be "hiding spots" around town.
