THE BUILDING MAY BE CLOSED, BUT WE'RE STILL OPEN!

As our community and country works together to contain the COVID-19 virus, the Library has had to close its doors. But, we're moving even more of our operations online and we are here to support you in connecting with each other, staying entertained, and yes - even learning!

What the Library is doing to help you during the pandemic:

Partnering with United Way to Provide Information Services

The smiling faces you used to see behind the desk are now behind their computer screens. Stratford Public Library is partnering with the United Way to staff the online Facebook group dedicated to providing reliable information and make community connections.

Visit the Huron-Perth Covid-19 Resource Group on Facebook to ask your questions and find information: <https://www.facebook.com/groups/198346424935322/>

3D Printing Medical PPE

Collaborating with other 3D printer owners in Stratford, the Library is committed to supporting our health care workers in the fight against COVID-19. Donations to support these efforts and purchase filament for this purpose can be made at <https://www.canadahelps.org/en/charities/splfoundation/>
